

**The 2008 Group Award of Merit** winners established the Disability Navigator Program in Idaho in 2007. In 2008 they continued to work together to make a difference as they trained One Stop Career Center staff, community based organizations, mandated and non-mandated partners, and local agency staff to enhance their knowledge of resources available to jobseekers with disabilities.

In 2008 they also added disability related materials to the Idaho Department of Labor's training programs and new employee orientation handbook. The group of navigators, headed by Lead Navigator Gordon Graff, provided a resource guide entitled "Willing and Able: A Job Hunting Guide for Idahoans with Disabilities" to assist professionals in the One Stops. Please join me as I present the **2008 Group Award of Merit** to the Idaho Disability Navigator Program.
